MAHARISHI UNIVERSITY OF INFORMATION TECHNOLOGY

Maharishi Nagar, Sector 110, Noida , Uttar Pradesh 201304

www.muitnoida.edu.in

The purpose of education is to culture the mind of a man so that he can accomplish all his aims in life. Education, to justify itself, should enable a man to use the full potential of his body, mind and spirit. It should also develop in him the ability to make the best use of his personality, surroundings and circumstances so that he may accomplish the maximum in life for himself and for others.

-Page 210, Chapter Eight, 'Education', from the Science of Being and Art of Living by His Holiness Maharishi Mahesh Yogi

About Maharishi University

The Maharishi University of Information Technology (MUIT) was established under MUIT Uttar Pradesh Act No. 31 of 2001 Notification No. 573 dated 06 October, 2001. Maharishi University has developed phenomenally since its inception to be recognized as a premier University in the country today. It offers Bachelor, Master and Doctoral programmes in one of the widest range of disciplines, including Science, Commerce, Management, Humanities, Pharmacy, Engineering, -Animation, Journalism & Mass Communication, Law and Enrichment Courses. Our goal for every student is enlightenment — the systematic development of full potential from within. This is the key to true fulfillment in daily life and any career.

Vision

The vision of MUIT is to transform the potentiality of each student into actuality and the full unfoldment of their mental potential through Creative Intelligence. Enhancing the employability and entrepreneurship potential is the thrust focus in the vision of MUIT.

Mission

The Mission of the MUIT is to facilitate the process of education and training to let each student grow into a complete individual who is physically enduring, emotionally mature, intellectually enlightened, aesthetically developed, morally sound and spiritually inclined.

MUIT Awards

The university's faculty has earned acclaim through a multitude of distinguished awards, highlighting their exceptional contributions to academia. Professors have received various awards recognizing their dedication to enriching student learning experiences. These awards not only reflect individual excellence but also contribute to the overall prestige of the institution. The recognition received by the faculty stands as a testament to the university's commitment to fostering a culture of academic excellence and innovation.

Campus Placement

Placement cell at our university is a pivotal bridge between academic excellence and professional success. It is committed to empowering students for the workforces and, our dedicated team collaborates with industry leaders to secure rewarding employment opportunities. Through personalized career guidance, resume workshops, and mock interviews, we prepare students for the competitive job market. The cell fosters strong connections with a diverse network of employers, facilitating internships and placements across various sectors. With a focus on skill development and industry relevance, we strive to ensure that our graduates are well-positioned for successful and fulfilling careers.

Welcome to a pathway that transforms education into tangible professional success.

Maharishi Law School

Law is not a profession, but a responsibility. Lawyers are professionals, who are obligated to secure justice for people, thus making a difference in the society; and at the Maharishi Law School, which features among the top 10 Law schools in Noida, it is our aim to shape students into such individuals. A career in law or legal practices can be one of the most challenging yet rewarding endeavors that an individual can embark upon. Law as a profession covers more than courtrooms and trials. As a part of this profession, you gain knowledge of diverse subjects that not only boost your career, but also shape you as a citizen of today's progressive society. As one of the leading Law schools in Delhi NCR, we not only offer an in-depth knowledge of law and changing legal systems, but also help enhance creativity, analytical skills, research skills, logical thinking, and interpersonal skills in students. Over the years, the responsibilities of a legal professional have witnessed a drastic transformation. There are wide-ranging functions and exciting experiences that this field has to offer. You get to learn those insights at the Maharishi Law School, As mentioned before, a career in law has always been about making sure that justice is served not only to the innocent ones but also to your own responsibilities. Being called as a lawyer or an advocate is a matter of pride and we, as one of the illustrious Law Schools in Noida, ensure that our students are nurtured towards understanding their citizens, as future lawyers.

Maharishi School of Science of Consciousness

The School of Science of Consciousness, a one of its kind department seldom seen in other universities, was established in the year 2020, to understand how the Unified Field of pure consciousness, the basis of our existence, is also the basis of all knowledge, accessible within oneself. Access to that infinite, unbounded field of pure consciousness, which gives rise to the laws of nature that govern the functioning of the universe, can be used to promote the holistic development of the person, through unfoldment of their full mental potential. Thus they are set on the path towards a balanced, happy, stress-free, continuously evolving future, for themselves and the world family of nations.

The primary interest of the Maharishi School of Science of Consciousness is to fulfil the most important objective of Education – the full development of the student. By laying emphasis on Human Consciousness, which is fundamental to learning, we are able to discern fundamental values hidden from view. To promote a system of education that understands all fields of study in the light of Consciousness and Maharishi's Science of Creative Intelligence, which satisfies the mind, ego and intellect and also develops the consciousness, that creates sharp minds and also loving hearts and that creates balance and bliss in a person's life, is the ethos behind all our courses.

Programme	Eligibility Criteria	Compulsory Subjects	Fee per year
BA (Consciousness & Human Potential / Yoga)	10+2 minimum 35% marks for Gen/OBC and 33% for SC/ST/PWD	any stream	40000.00

MA (Consciousness)	Graduation minimum 45% marks for Gen/OBC and 40% for SC/ST/PWD	any stream	100000.00
MA (Yoga)			50000.00

Maharishi School of Media & Animation

Animation and media is a thriving industry that introduces students to the field, familiarizes them with it, and provides in-depth knowledge. This course, designed specifically students interest in animation and multimedia, and provides students with the opportunity to study the fundamentals both conceptually and practically. The School of Media and Animation offers a full-time programme that includes lively theoretical lectures, hands-on practical sessions, tutorials, classroom presentations, and industry-driven assignments. MUIT aims to provide students with an overall view of the media industry and to assist them in understanding the industry's dynamics. MUIT offers the most advanced and distinctively defined opportunity-based professional education in the world. Because of the dominance of digital media and advertising firms in the corporate world today, the likelihood of students enrolling in this course is increasing. Having said that, MUIT has a solid placement track record. We make certain that our students are well-prepared to meet the demands of the workplace and to carve out a career in the multimedia and animation industries.

Animation	Bachelor of Animation	10+2 minimum 35% marks for Gen/OBC and 33% for SC/ST/PWD	Any stream	100000.00

Maharishi School of Science & Humanities

The Maharishi School of Science and Humanities has two departments - Department of Science and Department of Humanities. Science and Humanities are two of the important aspects of learning that provide a broad foundation right from the beginning of the educational journey. They help us in logical thinking and understanding the world around us. The Department of Humanities deals with the study of a wide range of disciplines such as History, Political Science, Sociology, Psychology, English, Economics, Hindi and Education. Humanities are a field of academics that deals with a scientific study of the human society and culture. Their study can facilitate deeper intercultural understanding and lay the groundwork for living a life that aids in development of society and the nation. It's one of those branches of learning whose understanding can directly enhance our quality of life.

Department	Programme	Eligibility Criteria	Compulsory Subjects	Fee per year
