SUMMER PLACEMENT REPORT

Batch of 2024-2026

Corporate Relations & Placement

Faculty of Management Studies, Delhi

University of Delhi – North Campus

Delhi – 110007

Placement Convenor's Message

It's a moment of happiness and pride for us as the summer placements at the Faculty of Management Studies (FMS) have been successfully completed for the batch of 2024-26. It bears testimony to the academic rigor and discipline along with the exceptional quality and bright minds of students at FMS, Delhi.

It is also a reflection of the amount of trust and conviction that the corporate world confers on the Institute and its students. Although this was a tough year for both FMS and the MBA fraternity in terms of a market slowdown, we were strong and united as a college and were able to facilitate on par placements with an all time high average stipend across top 50% candidates, once again giving a signal that that our students are not only our strength but also of the corporate world. Esteemed recruiting companies offering a wide range of profiles were able to identify and choose from the diverse pool of students from different disciplines. Both the companies and the students were able to match their mutual aspirations and expectations due to the transparent placement process followed at the FMS.

We would like to thank all the stakeholders involved in the process, since without their unconditional support and help, this process would not have seen the success that it has. We extend our heartfelt gratitude to all the recruiters who exhibited immense faith in the competency and aptitude of our students.

We would also like to express our thanks to our fellow faculty members, students and the illustrious alumni who have been a great source of support and encouragement in the smooth conduct of the placement process.

Our Dean, Prof. Venkat Raman deserves special thanks; he has always been a pillar of support to us in all our endeavors.

Prof. Kavita Singh
Placement Convenor,
FMS Delhi

Placement Overview

The Summer Placement Process at FMS Delhi was conducted during September 2024. To reflect the changing working conditions, the placement process was held in a hybrid mode with all firms given the flexibility to conduct the interviews either in person or through video conferencing.

To ensure a smooth and transparent process for the companies, some important measures were taken. Firstly, a slotting exercise was done to democratically decide when a company would come in the placement process. Also, for the eighth year in a row, a scheduling algorithm was run in the placement process to optimally match the company and student's preferences during the recruitment exercise.

To encourage entrepreneurship, FMS provides a placement holiday to students who wish to pursue their own ventures and allows them to participate in the upcoming finals process while considering the work put in the venture as Internship.

At FMS, there is a strong culture of experiential learning and students supplement their academic learning with practical insights from the corporate world. Nestled in a strategic location that is at the crossroads of busy corporate and student activity, as a part of **Arthashastra Talk series**, FMS Delhi hosted over **100 business leaders** to facilitate a comprehensive learning curve for its students.

This is truly reflected in the dominance of its students in the best and the most exclusive corporate competitions in the country. From hosting several industry leaders for knowledge sessions to the inception of the Annual Business Conclave - **Unnayan**, a one of its kind Leadership summits; the tenure has brought about the best amongst the students and contributed greatly to the nurturing academic culture of the FMS student fraternity.

Placement Statistics

No. of students placed - 268
