VIII. **Mere appearance and qualifying at TG EAPCET-2025 does not confer any right for admission into professional courses. Candidate has to fulfill the eligibility criteria laid down in the relevant G.O at the time of admission.**

IX. **QUALIFYING MARKS FOR TG EAPCET-2025:**
The qualifying percentage of marks for the TG EAPCET-2025 is 25% of the maximum marks for consideration for ranking. However, for candidates belonging to SC / ST, no minimum qualifying mark is prescribed. But their admission will be limited to the extent of seats reserved for such categories (vide G.O.Ms. No. 179, LEN & TE, dtd.16.06.1986).

X. **NORMALIZATION OF QUESTION PAPER:**
TG EAPCET-2025 is being conducted in multiple sessions based on the same syllabus, same pattern for candidates having same eligibility criteria. A candidate will be eligible to appear only in one session. Since the question paper is different for each session, there is a possibility that the candidates may compare themselves about the variation in the difficulty levels of question paper of the same subject. However, it may be noted that utmost care will be taken so that all the subjects are of the same standard. Further, it is decided to adopt a normalization process to eliminate any such variations in the difficulty levels of various sessions.

The main aim of the Normalization is to ensure that no student gets advantage/disadvantage due to multiple sessions. The normalization process brings all the candidates across all sessions on a comparative scale. Due to this process, the marks of the easy session may be reduced marginally and marks of hard session may increase marginally on the global scale. This depends exactly on the average performance in each session. Since care is taken to prepare papers of equal difficulty, these changes are expected to be very marginal. Normalized marks justify the candidates while respecting their actual performance. Hence, the following normalization procedure is adopted which is being followed by other competitive Examinations in India to avoid advantage/disadvantage to candidates in a particular session compared to the other sessions.

Normalized marks of the candidate

$$= \text{GASD} + \frac{(\text{GTA}-\text{GASD})}{(\text{STA}-\text{SASD})} \text{x}(\text{Marks obtained by the candidate in the subject in a session} - \text{SASD})$$

Where,
SASD: Sum of Average (A) and Standard Deviation (SD) of the subject of a session in which the candidate appeared.
GASD: Sum of Average (A) and Standard Deviation (SD) of all the candidates across all sessions of the subject put together.
STA: Average mark of the top 0.1% of the candidates in the subject of a session in which the candidate appeared.

GTA: Average mark of the top 0.1% of all the candidates across all the sessions of the subject put together.

Note: For the candidates for whom there is no qualifying cut-off in TG EAPCET-2025, if the marks in TG EAPCET-2025 after normalization goes below zero (negative), the mark is treated as zero. If the tie persists, then TG EAPCET-2025 normalization marks (though negative) are considered for resolving the tie.

XI. **CRITERIA FOR RANKING (TG EAPCET-2025 ENGINEERING STREAM):**

As per G.O. Ms. No. 73 of Higher Education (EC.2) Department, dtd.28-07-2011, for the candidates who have secured qualifying marks in TG EAPCET-2025 and candidates belonging to the category of SC / ST, for whom qualifying marks have not been prescribed. The TG EAPCET-2025 ranks will be allotted purely based on the performance (normalized marks) in the TG EAPCET-2025 examination.

For the preparation of merit list, in case of more than one student securing the same combined score obtained as mentioned above, the tie shall be resolved to decide the relative ranking by successively considering the following

   a) The total Normalized marks secured in TG EAPCET-2025
   b) The normalized Marks secured in Mathematics in TG EAPCET-2025
   c) The normalized marks secured in Physics in TG EAPCET-2025
   d) If the tie still persists the date of birth of the concerned candidates, the older being given preference over the younger.

XII. **TG EAPCET-2025 RESULTS**

   a) Candidates shall be ranked in the order of merit as explained in Section XI.

VIII. **Mere appearance and qualifying at TG EAPCET-2025 does not confer any right for admission into professional courses. Candidate has to fulfill the eligibility criteria laid down in the relevant G.O at the time of admission.**

IX. **QUALIFYING MARKS FOR TG EAPCET-2025:**

The qualifying percentage of marks for the TG EAPCET-2025 is 25% of the maximum marks for consideration for ranking. However, for candidates belonging to SC / ST, no minimum qualifying mark is prescribed. But their admission will be limited to the extent of seats reserved for such categories (vide G.O.Ms. No. 179, LEN & TE, dtd.16.06.1986).

X. **NORMALIZATION OF QUESTION PAPER:**

TG EAPCET-2025 is being conducted in multiple sessions based on the same syllabus, same pattern for candidates having same eligibility criteria. A candidate will be eligible to appear only in one session. Since the question paper is different for each session, there is a possibility that the candidates may compare themselves about the variation in the difficulty levels of question paper of the same subject. However, it may be noted that utmost care will be taken so that all the subjects are of the same standard. Further, it is decided to adopt a normalization process to eliminate any such variations in the difficulty levels of various sessions.

The main aim of the Normalization is to ensure that no student gets advantage / disadvantage due to multiple sessions. The normalization process brings all the candidates across all sessions on a comparative scale. Due to this process, the marks of the easy session may be reduced marginally and marks of hard session may increase marginally on the global scale. This depends exactly on the average performance in each session. Since care is taken to prepare papers of equal difficulty, these changes are expected to be very marginal. Normalized marks justify the candidates while respecting their actual performance. Hence, the following normalization procedure is adopted which is being followed by other competitive Examinations in India to avoid advantage/disadvantage to candidates in a particular session compared to the other sessions.

Normalized marks of the candidate

$= \text{GASD} + \frac{(\text{GTA} - \text{GASD})}{(\text{STA} - \text{SASD})} \text{x}(\text{Marks obtained by the candidate in the subject in a session} - \text{SASD})$

Where,

SASD: Sum of Average (A) and Standard Deviation (SD) of the subject of a session in which the candidate appeared.

GASD: Sum of Average (A) and Standard Deviation (SD) of all the candidates across all sessions of the subject put together.

STA: Average mark of the top 0.1% of the candidates in the subject of a session in which the candidate appeared.

GTA: Average mark of the top 0.1% of all the candidates across all the sessions of the subject put together.

Note: For the candidates for whom there is no qualifying cut-off in TG EAPCET-2025, if the marks in TG EAPCET-2025 after normalization goes below zero (negative), the mark is treated as zero. If the tie persists, then TG EAPCET-2025 normalization marks (though negative) are considered for resolving the tie.

XI.   CRITERIA FOR RANKING (TG EAPCET-2025 AGRICULTURE & PHARMACY STREAM)

As per G.O. Ms. No 73 of Higher Education (EC.2) Department, dtd.28-07-2011, the candidates who have secured qualifying marks in TG EAPCET-2025 and candidates belonging to the category of SC / ST, for whom qualifying marks have not been prescribed. The TG EAPCET-2025 ranks will be allotted purely based on the performance (normalized marks) in the TG EAPCET-2025 examination.

For the preparation of merit list, in case of more than one student securing the same combined score obtained as mentioned above, the tie shall be resolved to decide the relative ranking by successively considering the following

   i)   The total Normalized marks secured in TG EAPCET-2025
   ii) The Marks secured in Biology in TG EAPCET-2025
   iii) The marks secured in Physics in TG EAPCET-2025
   iv) If the tie still persists the date of birth of the concerned candidates, the older being given preference over the younger.
